S1 Bags for Corporate Branding and Security

S1 – Safety First has the finest line of clear bags and backpacks worldwide.

Whether you are looking for gifts for your top clients or want your employees to cut time at security checkpoints, **S1** has a bag for your brand.

The **S1** Checkpoint Friendly Laptop Bags and Backpack meet all Federal TSA guidelines so there is no longer a need to remove your laptop at airport security checkpoints.

All **S1** bags can be custom manufactured with a minimum order of only 500 pieces.

S1 Bags are constructed in a 20-gauge 5 mil temperature-treated PVC Vinyl, which is the thickest material available that still offers pliability; this guarantees that our bags are clearly safer, clearly stronger and clearly more comfortable than any other transparent bags on the market.

Each order can include different color trim and straps, tinted vinyl and full color, multi-location logos to make an **S1** bag your custom product.

For more information on how **S1** can brand your company and cut time your colleagues and employees spend at security checkpoints please contact Dori at 203 924 6577, email dori@s1safetyfirst.com or visit our website www.s1bags.com.

We are **S1** – The CLEAR Advantage!
